Embedded in the multi-cultural center of the ufaFabrik, you have immediate access to the alternative side of the metropolis.

When you've had enough of roaming the streets you can either recover in our theaters and at the cafe-restaurant (with outdoor seats), or visit our children's farm with your family. If you are feeling hungry feel free to try some fresh Bread from our internal organic grocery store.

Our unique facilities can be booked for seminars and festivities. Just ask the friendly employees at our Guest House about any inquiries.

Guidances regarding the history of the ufaFabrik, ecology and communal lifestyles are also bookable.
